"I AM" THE POWER OF RADIATION

The Cosmic Moment has struck, Beloved Ones in America, when the Ascended Masters call you to Victory and Freedom in the Light. The energy poured out through radiation is the force that carries the individual's qualities into the atmosphere around him—and into your environment, to your feeling world, and into your mind and body—if you do not shut them out. It is poured into the very air you breathe. When the Power of Radiation is poured forth from the Ascended Masters and Their Octave of Life, It carries a Force—only that which is Pure, Illumining, and Harmonizing; for It contains only that which is a great Joy and Blessing to all. It is always a projection of Perfection to help set the individual free in the Victory of his Ascension.

When the Power of Radiation is understood, and one realizes the enormous amount of all kinds of radiation poured into the atmosphere of Earth every day, he begins

to understand what is going on about him. It is because people do not see radiation from others that they do not really handle it to protect themselves. The strong feelings either of like or dislike when we, many times, pass one on the street in a hurry, is very positive proof that the radiation of energy from every person carries his qualities out into the atmosphere wherever he moves. That energy is heavily charged with whatever consciousness was within the feelings of that individual. Those feelings flow into the feeling world of every other human being unless he is positive enough in his own feelings to repel them or send them back to their creator.

This action in the power of radiation is responsible for more crime than mankind will ever know. Things are happening around individuals all the time of which they are wholly ignorant, and from which they are wholly unprotected. Through the power of radiation, all epidemics, plagues, and destructive suggestions go forth from their creators, charging fear into the feelings of the people they contact. All fear is feeling. The radiation of fear can spread over a group of people in a moment. This is one of the activities which all should understand and learn to govern in order to protect themselves, and at the same time hold control of the feelings of other people under sudden excitement or mob violence.

The radiation of fear and doubt from individuals is like a poison gas going forth to blight that which is on its way to Perfection. This is why the Ascended Masters have said often: Control your feeling world and keep it harmonious, that We may anchor in your being and world the Perfection for which you are calling. When the feeling of doubt or fear goes forth from an individual, it qualifies the atmosphere around that one with a vibratory action

like a sticky, gray fog which repels all that is constructive. When someone in a business activity constantly pours out such a radiation, is it any wonder that customers cannot find that particular business? The vibratory action of such a feeling is to forcefully push away all that is constructive, because fear and doubt are much more heavily charged with energy than people have any concept. When one is ill and those who are nearest and dearest fear, it simply gives the ill person just that much more to struggle against in order to rise out of its condition.

Blessed Ones, the power of radiation from the feeling world of individuals is just as real and tangible as the heat coming forth from a radiator in your room. It is exactly the same law that is acting. This is why it is so important to watch that we do not send out any feeling except the Joy and Perfection of the Ascended Masters. It is also most important to keep the door of your own feeling world shut tight at all times against accepting any feeling from anyone except the Perfection of the Ascended Masters which we wish manifest. If an individual suddenly becomes confused, how very quickly do others in association with that one become confused also? All of that takes place through the power of radiation. When a positive, joyous, illumined individual comes into a roomful of people, just pouring out his power of Light through the radiation of his own feeling, everyone in the room will soon begin to act out his Light and Joy, too.

Therefore, we all have a tremendous responsibility to ourselves and the whole world whenever we allow anything to go forth from us except the good which the Ascended Masters can use to consume the cause of mankind's distress. The Ascended Masters have said always that three-quarters

of all teaching is in the radiation from the teacher, which means the feeling of the teacher. Only one-quarter of that energy is in the spoken word. This is why, until mankind understands the necessity of accepting the Radiation from the Ascended Masters and letting It help him keep harmonious, there is no way to release the people of Earth from the destruction in which they have become enmeshed. There is absolutely no protection for individuals unless this Law of the Ascended Masters concerning the "Mighty I AM Presence" is understood and applied.

Why do the Ascended Ones and we keep saying so often this same thing? Because energy is one, substance is one, Life is one, and consciousness is one. Unless the individual is taught how to call forth a Wall of Light Substance around himself to shut off the destructive qualities charged into the very air he breathes through the radiation of the feelings from others, he has no protection; they will come into his world and destroy him. Which will you have—Protection, Peace, Mastery, and Freedom through the Help of the Ascended Masters, or the condition of the outer world today which is wholly unbalanced in the activities under which the mass of mankind are living? O Blessed People of America, learn from the Ascended Masters how to call forth that Wall of Light Protection around yourselves, around America, and around every person, place, condition, and thing that is holding to the constructive way of Life. Help to give the Protection which wins the Victory of the Light wherever we move and for all mankind. You can do that through the power of radiation. And remember, you can do it wholly silent in the physical activity; and what you do silently is many times more powerful than what you do audibly. What you can do through your Call to the "Presence" is beyond

any words to express, because when a person's feelings are harmonious, he is receptive to your ideas which will bring him his Freedom.

It is through the power of Radiation and the Outpouring of Light from the Ascended Masters' Octave of Light that the "I AM" Students have been giving such great assistance so far to America. Therefore, to all we make the Call again to stand with the Ascended Masters and pour out the Light Substance which They project through your power of radiation into every discordant condition you contact. Then you can keep yourselves insulated in a Wall of Light through which destructive forces cannot reach you. Dear Ones, this is the only real Protection you have in the outer world today; so stand with the Light, and let It give you the fullness of all good. Then radiate that Light to others for the Freedom of all; for

"The Light of God Never Fails!"
"The Light of God Never Fails!"
"The Light of God Never Fails!"
And the "Mighty I AM Presence" is that Light!
